

# PRODUCT SPECIFICATION REPORT

Zeprestore™ is an acrylic spray that is designed for use as an engine brightener and battery terminal protector.

## ZEPRESTORE™ Acrylic Coating

PROD.#0046

### FEATURES/BENEFITS:

Protects	Seals the metal and painted surface of cleaned and remanufactured engines, protecting them from corrosion. Stops battery terminal corrosion and minimizes battery current leakage.
Waterproofs	Seals moisture out of electrical wiring, printed circuitry, and other sensitive parts.
Beautifies	Clear acrylic coating dries to a clear, glossy, non-yellowing finish that is hard, non-tacky, and non-combustible.
Easy to remove	Dissolves rapidly in Zepteen or similar solvents.

**CAUTION:** May damage certain plastic and/or painted surfaces. Test on inconspicuous area prior to use.

### APPLICATIONS:

Use to give a glossy, protective coating to cleaned and remanufactured engines. Use to seal, waterproof, and protect wiring and other electrical components. Use to seal and protect any surface exposed to wind and weather.

Recommended for use to: Automotive Parts Stores, Electrical Contractors, New & Used Car Dealers, Automotive Repair Shops, Equipment Rental & Leasing Services, Passenger Car Rental & Leasing, Car Washes, Industrial Machinery Suppliers and Service Stations

### COMPANION PRODUCTS:

Battery Care, Battery Coat, Rust Remover, ZepTeen, Dyna 143°, Solv, I.D. Red, Zepride, Zepreserve, Brake Wash, Reach, Cherry Bomb, Ultrawipes, Zep Gloves & Safety Glasses

### SPECIFICATIONS:

Physical Form	Aerosol (liquid)
Color	Colorless
Odor	Slight Solvent
Flammability	Flammable by CSMA Flame Extension
Shelf Life	1 Year Minimum
D.O.T. Shipping Label	ORM-D

### PACKAGING:

20 fl. oz. can
