## Zep GLADIATOR DISPENSER

The Gladiator dispenser is designed to handle large, tough crowds in schools, amusement parks, mass transit hubs, recreational facilities, and sports arenas. It is a rare combination of style and durability, with exterior components constructed of stainless steel and anodized aluminum. It can be used in locker rooms, showers, and other humid environments without rusting.

The stainless steel handle may be hand, wrist, or elbow activated, and the dispenser is ADA compliant.

An optional anodized aluminum bottle shield (product #6849) is available for added security where vandalism has been a problem. The shield has a polycarbonate view window that lets you easily determine when the soap bottle is at the replacement level. A hidden key lock secures the shield to the dispenser mounting plate. All dispensers are keyed alike to simplify replacing the soap bottles.

The large, economical 2500 ml bottles ensure that you will not run out of soap during big events. Each bottle dispenses over 4800 shots of rich, foaming hand or shower soap. These bottles will have to be refilled less often than standard size bag soaps, saving time, labor, and packaging waste.

# LAUNDRY SOLUTIONS

Zep Laundry Solutions is a comprehensive program designed to help our customers effectively manage the processing of laundry every day. The Zep Laundry Solutions program includes five key elements that combine to produce consistently clean linens with cost effective use of laundry products and minimal labor, employee training, linen replacement, and energy consumption:

## ELEMENT ONE

A Zep Laundry Sales Consultant provides set up support, routine monitoring, and process evaluation

## ELEMENT TWO

A complete line of laundry products formulated for the types of soils and processing methods found in commercial laundry environments

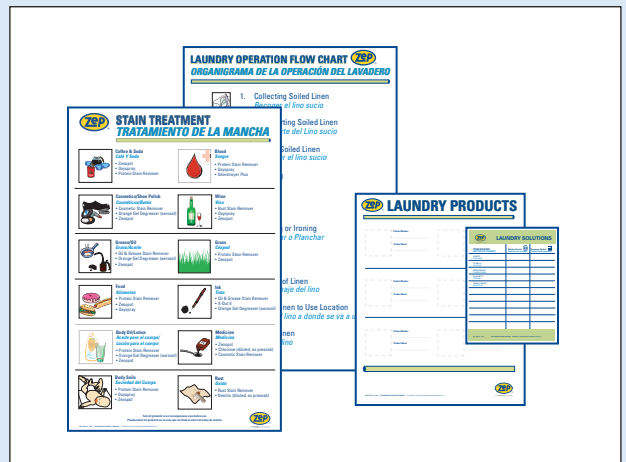

## ELEMENT THREE

A programmable dispenser that pumps the correct amount of product into the washer at the right time in the wash cycle

## ELEMENT FOUR

Point-of-Use materials that make it easy to train employees

## ELEMENT FIVE

A knowledgeable Technical Support team at Zep is available to answer questions Monday through Friday from 7 A.M. to 6 P.M. EST

## Laundry Products

Zep offers a complete line of laundry products formulated for on-premise laundries in hotels, motels, nursing homes, and restaurants. A Zep Laundry Sales Consultant will recommend the products that are right for your linen and soil types.

Product labels are color coded and have icons that make it easy to identify the product and its application. Replacing products in an injection system is as easy as matching the color coded icon on the package to the color coded icon on the pick-up tubes attached to the dispenser.

Products are available in a variety of sizes ranging from quarts to 55 gallon drums. Your Zep Laundry Sales Consultant can customize a program that fits your environment and product use.

Zep offers a wide range of detergents, breaks, bleaches, sour/softeners, water softeners and spot removers. See our Laundry Solutions Chart on the following pages for details.
