

# ZEP® Solutions

## Hand Cleaners and Dispensers

DESIGNED FOR THE WAY YOU WORK

## Heavy Duty Hand Cleaners

Zep has a broad range of products designed for hard working hands. Stubborn industrial soils, inks, resins, paints, adhesives, tar, carbon and asphalt are no match for the cleaning power of Zep.

### Zep D-4000

For use with Zep hand care products packaged in square gallons.

PROD. #6001

## Hand Care Dispensers

The D-1000 and D-4000 dispensers are built to last. In fact, the D-4000 is guaranteed to last a lifetime or your money back.

Both dispensers are constructed of stainless steel and aluminum with reinforced nylon housings. The 4-position stroke pump is resistant to corrosion, rust, and abrasion.

Locking plates are available for areas where security is a concern.

### Zep D-1000

For use with Zep hand care products packaged in round quarts.

PROD. #0962

## Daily Hand Care

From high traffic restrooms in public buildings to individual bathrooms in small offices, Zep has the right products and dispensers for the application.

The Markstone system combines the proprietary Zep round one liter cartridge and proven pumps to reliably deliver lotion soaps, foaming soaps, hand lotions, and sanitizers.

The durable Markstone dispenser, with its faux stone finish and contemporary design, mounts easily to tile, mirror, or sheetrock.

Each Zep round one liter cartridge comes with its own dispensing pump and was designed for maximum product usage.

## Zep Gladiator Dispenser System

The Gladiator dispenser was designed to handle large, tough crowds in schools, amusement parks, mass transit hubs, recreational facilities, and sports arenas. It is a rare combination of style and durability, with exterior components constructed of stainless steel and anodized aluminum. It can be used in locker rooms, showers, and other humid environments without rusting. The stainless steel handle may be hand, wrist, or elbow activated, and the dispenser is ADA compliant.

The large, economical 2500 ml bottles ensure that you will not run out of soap during big events. Each bottle dispenses over 4800 shots of rich, foaming hand or shower soap. These bottles will have to be refilled less often than standard size bag soaps, saving time, labor, and packaging waste.

## Body Shampoo

Rich lathering body shampoos are available in quarts, gallons, and liters just right for showers in gyms, health clubs, and schools. The Zep D-1000, D-4000, and Markstone dispensers were designed with stainless steel and aluminum components to provide trouble-free service in shower environments.

## Food Service

Zep offers a broad line of hand soaps and sanitizers for food service use. Select the form—foam, mist, or liquid—that is right for your application. USDA-authorized, phosphate-free, E-2, E-3, and antimicrobial products are available.

## Touch-Free Markstone Dispenser

This dispenser was designed for environments with handcare protocols requiring touch-free dispensers:

Smart technology—an infra-red reader scans four times a second, making the longest wait for product only 1/4 of a second.

Patented power-saving technology—operates on four D-cell batteries enclosed in a water-resistant compartment. Batteries will last over 100,000 dispenses.

May be used to dispense all Zep handcare products packaged in round liters.

## Sanitizers

Proper hand washing and sanitizing can effectively reduce the transmission of communicable diseases. Zep offers a broad range of products appropriate for use in schools, healthcare facilities, food service operations, police and fire departments, emergency service vehicles, portable sanitation units, day care centers and funeral homes.

Zep provides alcohol and non-alcohol sanitizers in portable pocket size, workstation size, and liter size for high usage areas. Products are dispensed as a spray, gel, or foam—select the product and dispenser that match your hand care protocol.

*Super heroes Soapy Sudz and Foamy Sanz teach the right way to wash and sanitize hands in this colorful poster.*

## Just for Kids

Parents know that when one child comes home from school with a cold or the flu that it won't be long before it spreads to the rest of the family. That's why it is especially important that kids wash and sanitize their hands properly and often –and school is a great place to start. Zep makes it easy–Foamy Sanz and Soapy Sudz make it fun.

Foamy Sanz is a lime scented, bright green non-alcohol foaming hand sanitizer.

Soapy Sudz is a tangerine scented, bright orange anti-bacterial foaming hand soap with lots of kid appeal.
