

## PRODUCT SPECIFICATION REPORT

# FS FORMULA 23769™ Lubricant and Release Agent

### DESCRIPTION

A ready-to-use odorless, colorless oil for food plants containing U.S.P. mineral oil and thickener.

### FEATURES

- Prevents Corrosion
- Incidental Food Contact Lubricant
- Release Agent

### BENEFITS

- Surface remains smooth and easy to clean
- Provides light duty lubrication of machine parts where there is exposure of the lubricated parts to edible products
- Excellent as a release agent for poultry picker surfaces
- Authorized as a lubricant or anti-rust film on equipment and machine parts in locations in which there is exposure of the lubricated parts to edible products in federally inspected meat and poultry plants

### APPLICATIONS

Use in food processing plants for lubricating shackle rails, guide bars, and for use as a trolley lube.

Beverage plants  
Restaurants

Food Processing Plant  
Fast Food Establishments

Bakeries

ZEP FS FORMULA 23769 is a mineral oil-based lubricant and release agent for equipment and machinery where incidental food contact can occur. It also helps prevent corrosion on exposed metal parts.

Excellent for use in food processing plants, beverage plants, bakeries, restaurants, and fast food establishments.

U.S.D.A. authorized for use in federally inspected meat and poultry plants.

#### DIRECTIONS:

ZEP FS FORMULA 23769 is a mineral oil-based lubricant and release agent for equipment and machinery where incidental food contact can occur. It also helps prevent corrosion on exposed metal parts.

Excellent for use in food processing plants, beverage plants, bakeries, restaurants, and fast food establishments.

U.S.D.A. authorized for use in federally inspected meat and poultry plants.

### CAUTION!

#### MAY CAUSE RESPIRATORY IRRITATION

Inhalation of spray mists may cause respiratory tract irritation. DO NOT swallow this product. DO NOT breathe spray mist. Exposure may aggravate existing respiratory disorders. Further information on the effects of overexposure is included on the Material Safety Data Sheet, which is available upon request.

Zep advocates limiting exposure to all chemical products. Wear natural rubber, nitrile, neoprene, or other resistant gloves if prolonged skin contact is expected. Use product in well-ventilated areas only; open windows/doors and use exhaust fans in enclosed spaces. Remove contaminated clothing promptly and DO NOT rewear until thoroughly cleaned. After handling, wash hands thoroughly with soap and water.

#### FIRST AID:

**EYES:** Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical attention immediately.

**SKIN:** Wash contaminated skin immediately and thoroughly with soap or mild detergent. Consult a physician if irritation develops.

**INHALATION:** Move exposed person to fresh air. If irritation persists, get medical attention immediately.

**INGESTION:** If product is swallowed, DO NOT induce vomiting. If vomiting occurs, keep head below hips to prevent aspiration (breathing) of liquid into the lungs. Get emergency medical attention immediately.

**COMBUSTIBLE:** Keep away from heat, spark, open flame, or any source of ignition.

**DISPOSAL AND/OR SPILL INFORMATION:** As with all cleaning and maintenance procedures, run-off from the cleaning or maintenance process should be diverted to a collection vessel, and not allowed to soak into the ground or to enter a storm sewer. If this product is spilled or contaminated and cannot be used, creating the need for disposal, absorb product on an inert absorbent material, such as Zep-O-Zorb or Zep Super Sorbent, and then deposit in a clean, sealable container for disposal. Thoroughly clean area with a detergent solution and rinse area well with water.

**STORAGE:** Store in a cool area away from direct sunlight. Keep container tightly closed at all times when not in use.
