Name of Hazardous Ingredients	CAS #	% by Weight	Exposure Limits
METHYLENE CHLORIDE; dichloromethane; methylene dichloride	75-09-2	50 - 60	OSHA PEL (United States). TWA: 25 ppm 8 hour(s). OSHA (United States). STEL: 125 ppm 15 minute(s).
LUBRICANT BLEND	64742-88-7; 64742-58-5	20 - 30	Ingredient #1: Not Established ACGIH TLV (United States). Notes: Ingredient #2 TWA: 5 mg/m <sup>3</sup> 8 hour(s). Form: Oil Mist
PROPANE; liquefied petroleum gas	68476-85-7	10 - 20	ACGH TLV (United States). : 800 ppm 8 hour(s). OSHA PEL (United States). TWA: 1000 ppm 8 hour(s).

## Section 3. Hazards Identification

Acute Effect	ts Routes of Entry Dermal contact. Eye contact. Inhalation.	Health	3
Skin	Hazardous in case of skin contact (irritant, permeator). Direct contact may cause irritation and redness. Product may be dermal absorbed. Skin inflammation is characterized by itching, scaling, or reddening.	Fire Hazard Reactivity	4 0
Eyes	Hazardous in case of eye contact (irritant). Liquid in eye may cause irritation with possible damage if not rinsed immediately. Inflammation of the eye is characterized by redness, watering, and itching.	Personal Protection	X
nhalation	Hazardous in case of inhalation (lung irritant). Avoid breathing vapors or spray mists. Over- exposure by inhalation may cause respiratory irritation. Can cause central nervous system depression.		
ngestion	May be fatal if swallowed. Aspiration hazard if swallowed- can enter lungs and cause damage.		
	S data pertains to the product as delivered in the original shipping container(s). Risk of adverse healt prescribed safety precautions, including use of proper personal protective equipment.	h effects are lessened	by
Carcinoger	<b>ic Effects</b> Methylene Chloride: Classified 2B (Possible for human.) by IARC; Classified	ed A2 (Suspected for	

human.) by ACGIH **Chronic Effects** The substance may be toxic to blood, kidneys, liver, peripheral nervous system, central nervous system (CNS). Overexposure of this product by inhalation or absorption can produce central nervous system depression resulting in headache, nausea and/or dizziness. Repeated or prolonged exposure to the substance can produce target organs damage. Repeated or prolonged contact with spray mist may produce chronic eye irritation and severe skin irritation.

See Toxicological Information (section 11)

	rst Aid Measures	
<b>Eye Contact</b> Check for and remove any contact lenses. In case of contact, immediately flush eyes with plant the set of t		
	for at least 15 minutes. Get medical attention.	
Skin Contact		
	Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention if irritation develops.	
Inhalation	If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give	
Innalation	oxygen. Get medical attention.	
Ingestion	Aspiration hazard if swallowed- can enter lungs and cause damage. If swallowed, do not induce vomitir	
geenen	unless directed to do so by medical personnel. If vomiting occurs, keep head lower than hips to help	
	prevent aspiration. Never give anything by mouth to an unconscious person. Get medical attention	
	immediately.	
Section 5. Fir	re Fighting Measures	
Flash Point	Not determined. Flammable Limits LOWER: 13% UPPER: 22%	
Flammability		
Fire Hazard	CONTENTS UNDER PRESSURE. Flammable liquid and vapor. Vapor may cause flash fire.	
	May emit toxic fumes under fire conditions. Container explosion may occur under fire	
	conditions or when heated.	
Fire-Fighting	<b>Procedures</b> Dry chemical, carbon dioxide, foam. Wear special protective clothing and	
	positive pressure, self-contained breathing apparatus.	
	cidental Release Measures	
Spill Clean u	up Large spills are unlikely due to packaging.	
Section 7. Ha	andling and Storage	
Handling	Keep away from heat, sparks and flame. Avoid contact with eyes, skin and clothing. Avoid breathing vapors or s	
	mists. Use with adequate ventilation. Do not ingest. Observe label precautions. Watch for accumulation in low	
	confined areas. Wash contaminated clothing before reusing. Wash thoroughly after handling.	
Cierena		
Storage	CONTENTS UNDER PRESSURE. Store and use away from heat, sparks, open flame, or any other ignition sour	
Storage	Keep away from heat and direct sunlight. Store below 120°F. Do not puncture or incinerate. Keep away from for
