

PRODUCT SPECIFICATION REPORT

ZEP-O-ZORB™ Oil & Grease Absorbent

DESCRIPTION

Inert, highly porous granular absorbent for oils, solvents, water, acids, and alkaline solutions.

FEATURES

- Inert
- Highly absorbent
- Improves housekeeping
- Reduced fire hazard
- Improved traction
- USDA authorized

BENEFITS

- Will not react with strong oxidizers, acids, and other chemicals.
- Picks up 115 - 140% of its weight of water and 105 - 115% of its weight of oil.
- Absorbs oil and grease before it can soak into concrete or wood.
- Picks up spilled flammable liquids and “locks them up”, thus reducing fire hazards.
- Applied to icy or wet floors, it reduces slip hazards by providing a rough, non-slip surface to walk on. Will not crush or dust under traffic.
- Authorized for use as an absorbent or anti-slip agent for spot applications to floors in federally inspected meat and poultry processing plants.

APPLICATIONS

Recommended to garages, hangars, factories, kitchens, food processors, warehouses, shops, etc.

DIRECTIONS:

Spread ZEP-O-ZORB on oily and greasy surfaces. Allow to remain for a few minutes, or as desired. Rub in with a stiff broom or brush, and sweep up. Can be re-used until saturated.

Keep product out of eyes. In case of eye contact, rinse well with water.

WARNING!

Contains crystalline silica-quartz
MAY CAUSE IRRITATION

Contact may produce skin and severe eye irritation. This product contains low levels of crystalline silica (an ingredient also found in many mineral deposits, soils and sand) which animal inhalation studies have shown to cause carcinogenic effects. The relevance of these studies for humans is still being investigated. **DO NOT** swallow this product. Further information on the effects of overexposure is included on the Material Safety Data Sheet, which is available upon request.

Zep advocates limiting exposure to all chemical products. Wearing goggles or tight-fitting safety glasses is recommended, especially for contact lens wearers. The use of rubber, neoprene, nitrile, or other resistant

gloves is strongly recommended for prolonged use. Wear dust excluding clothing. Remove contaminated clothing promptly and **DO NOT** rewear until thoroughly cleaned. After handling, wash hands thoroughly with soap and water.

FIRST AID:

EYES: Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical attention immediately.

SKIN: Immediately flush contaminated skin with plenty of water for at least 15 minutes. Get medical attention if irritation develops.

INHALATION: Move affected person to fresh air. Get medical attention immediately if irritation persists.

INGESTION: If this product is swallowed, **DO NOT** induce vomiting. If affected person is conscious, give plenty of water to drink. Get medical attention at once.

DISPOSAL AND/OR SPILL INFORMATION: Sweep up product and deposit in a sealable container. Rinse area well with clean water.

STORAGE:

To seal out moisture, keep container tightly closed when not in use. Store in a dry area.
