

PRODUCT SPECIFICATION REPORT

Zep PAR is an excellent silicone-based, multi-purpose lubricant and release agent.

Zep PAR®

PROD.#0191

Silicone Spray Lubricant & Release Agent

FEATURES/BENEFITS:

Reduces Friction	An excellent lubricant which reduces friction between moving parts to reduce wear
Non-Stick	In welding operations the residual film provides a barrier to prevent welding spatter from sticking to work surfaces.
Paint Friendly	Specifically formulated for easy removal from surfaces with the use of a general purpose degreaser, allowing problem-free painting, coating, and bonding of molded parts
Fast Drying	Solvent carriers evaporate rapidly and completely, leaving no visible film
Stainless	Dried film of Zep-Par is colorless and will not stain surfaces.
USDA Applicable	May be used in Federally Inspected Food Processing Plants as a lubricant with no possible food contact (H2 type lubricant)

CAUTION: This product contains solvents which may be harmful to certain plastics or paints. Pre-test in an inconspicuous area before using on or around parts.

APPLICATIONS:

Lubricant for cutting tables, sewing machines, needles, zippers and hand irons. Renews rubber and vinyl trim, lubricates locks, hinges and window channels for the automotive industry. Use as a mold release agent for injection, transfer and compression molding.

Recommended for use to: Apparel and Accessory Manufacturing, Automotive Repair Shops, Motor Vehicle Body Manufacturers, Paper Goods Industry, Plastic Product Manufacturers and Welding Services

COMPANION PRODUCTS:

Rust Remover, Zepreserve, Formula 300, Big Orange, Solv, I.D. Red, Zepride, Reach, Cherry Bomb, Concentrated Glass Cleaner, Ultrawipes, Zep Gloves & Safety Glasses

SPECIFICATIONS:

Physical Form	Aerosol (liquid)
Color	Clear, Colorless
Odor	Mild, Solvent-like
Flammability	Non-Flammable by CSMA Flame Extension
Shelf Life	1 Year Minimum
D.O.T. Shipping Label	ORM-D
